

GGP's Youth Workforce Development Program

"Preparing Tomorrow's Workforce Today"

Imagine ... a generation of teenagers who are workforce ready; a generation prepared to conduct themselves with poise and confidence during an interview, and who understand employment expectations and professional behavior; a generation prepared to enter their first jobs, to contribute the skills they have learned, and to build a stronger community.

Geauga Growth Partnership (GGP) founding president Frank Samuel had this vision and GGP is making this dream a reality as more Geauga students participate in Youth Workforce trainings, which include 8th Grade Career Awareness events, High School Career Readiness events and the High School Internship program.

Since the program's inception, GGP has reached more than 1,800 students with these programs, and lives are being changed.

Join Geauga Growth Partnership in fulfilling this vision for the Youth Workforce Development Programs so that a prepared workforce becomes a reality.

GGP's Youth Workforce Development Program

Your contribution at any level will help support GGP's Youth Workforce Development Program.
