LEAD Supervisory Training Series

LEAD • Leadership Effectiveness = Accelerated Development

People leave Managers. Not Organizations.

“Nearly 60% of front line supervisors underperform during their first two years in the seat.” - *Business Wire; September 2007*

How can you help your supervisors succeed? LEAD is a Leadership Development program presented in collaboration with Steven Peter Human Resource Consulting. Ensure your supervisors and managers have the tools to make a successful transition to leadership. LEAD programs teach employee engagement and commitment which results in increased productivity and retention. Each program gives your leaders specific skill sets, strategies and tools to effectively manage your workforce to maximize potential. *Courses may be taken as a series or individually.*

Leadership—The Transition to Supervision Friday, March 15, 2019 | Time: 9:00 am – 12:00 pm

Prepare your supervisors to manage the unique demands of that position. This program explores the myriad of skills and attributes required for the various roles and responsibilities in supervision. Individual styles and situations are examined to give participants effective tools for their leadership challenges.

Employee Relations Friday, March 22, 2019 | Time: 9:00 am – 12:00 pm

The ability to analyze and positively impact individual personality traits, motivational drives, generational values, and the work environment is the foundation of people management. Create positive employee relations and learn to deal with “difficult” employees in a more effective fashion by applying basic motivational concepts. *Personality assessment is required.*

Onboarding & Training for Supervisors Friday, March 29, 2019 | Time: 9:00 am – 12:00 pm

The highest percentage of employee turnover occurs within the first sixty days. As a supervisor are you ready for your new hire? Learn how to determine their initial skill set to build a customized training process that establishes competency while engaging your new hire and integrating them into your culture. These techniques will increase the retention level of your "newbies" with ultimate impact on productivity.

Communication Skills Friday, April 5, 2019 | Time: 9:00 am – 12:00 pm

Many obstacles can sabotage our effectiveness as communicators. Understanding various oral, written and listening communication skills improves the effectiveness of the supervisor at all levels of interaction. This course explores various forms of communication and strategies to improve effectiveness in a variety of mediums.

Conflict Management Friday, April 12, 2019 | Time: 9:00 am – 12:00 pm

Conflict is inevitable whenever two or more people come into contact. This course examines the nature and causes of conflict, and an analysis of individual tendencies. Attendees will analyze their conflict situations and develop appropriate resolution strategies.

Performance Management Friday, April 26, 2019 | Time: 9:00 am – 12:00 pm

The essence of supervision is the management of the performance of the individual employees. Learn to establish clearly understood standards of performance for each job; a system to measure and document against those standards; and timely communication of performance and development plans that will help your employees improve and enhance their careers.

Teamwork Friday, May 3, 2019 | Time: 9:00 am – 12:00 pm

Creating and maintaining a work group that takes full advantage of the individual skills and personalities involved is a highly desirable supervisory function. Gain a thorough understanding of the critical concepts involved in teamwork; analysis of the current team; identification of gaps; and a plan for improvement. Knowing how to deal with individual and group problems that will threaten team effectiveness is a valuable supervisory tool.

Problem Solving and Decision-Making Friday, May 10, 2019 | Time: 9:00 am – 12:00 pm

Problems are inevitable and solving them is a key responsibility of supervisors. This can be done alone; with selected others; or as a work group. Regardless of the approach, learn to analyze, prioritize and attack each facet of the problem.
