

Join us May 15th

LEAN Principals in Action

Host: Kinetico Inc.

Location: Bldg #3 The Frohring Bldg
10975 Kinsman Rd, Newbury, OH 44065

Benefits of Lean Production

Learn the benefits and results of utilizing LEAN practices in manufacturing, service centers, offices, schools, and other environments. Lean applies where ever work is being done. Join us if you are in Operations Management, Supervision, Quality Management, and Engineering.

The program will be introduced by Ty Haines, Manufacturer Solutions followed by

Case Study Presentations by:

- John Bonner, Great Lakes Growers – Their Lean Journey
Includes company snapshot, the need, what they did, opportunities or problems, and results with LEAN along with Q&A.
- Mike Shaffer, Lean Leader, presents a Kinetico case study; includes cumulative results, metrics related to \$, % of throughput, time improvements.

The program concludes with a Kinetico plant tour at the Frohring Building. See an application of LEAN in action in their subassembly and final assembly areas.
