

GGP's LEAN Roundtable July 10th

Maximizing Value & Eliminating Waste

Join us for this inaugural roundtable on sharing, learning from an SME and each other about the LEAN Practices within your workplace.

The July 10th roundtable will focus on "Standardization", the 4th S in workplace organization.

- ▶ Sort
- ▶ Set in Order (Straighten)
- ▶ Shine (Scrub)
- ▶ Standardize
- ▶ Sustain
- ▶ Safety (or Security)

Standardization opens the door to improving the process of training and documenting the improvement so it may be better Sustained.

Ginny Haas of Radcom, our SME presenter, will talk standardization, in terms of best practices, avoiding pitfalls, documentation software and may share a story on lessons learned.

The program will be led by Ty Haines, President, Manufacturer Solutions. The format is below.

- Introductions around the room: include maturity of your Lean Culture, current issues for group input
- Purpose and format of the Round Table
- Guidelines
- SME Topic and Speaker
- Survey group for future topics, and SMEs, dependent on time
- Closing

7:30 am – 8:00 am Networking
