

Hambden Township, Geauga County

At this time Hambden Township's buildings are closed to the public - we have posted a sign on the door stating such that has contact phone numbers and our website address on it. We have updates and information on our website including announcements of cancellations. Our staff is working - our phones and emails are being monitored continuously.

Our road crew is working on site every day and they are ready if needed for road emergencies or cemetery needs.

Our zoning office is open by appointment just as it always has been as our zoning inspector is part-time on a by appointment basis. We have had a drop box located at the zoning office for ease of plan review drop offs for some time.

Our website address is <https://www.hambdentownship.com/>

Scott Yamamoto
Hambden Township Trustee
